WHO WE ARE

“Design & Development” - as an Egyptian Consulting firm, was established in mid 1994, Since then, *Design & Development (D.A.D)* has been commissioned a number of design projects in the fields of Interior, Architectural and Urban Design carrying out the full range of required tasks, starting from the concept design stage to site supervision. **D.A.D** staff aspires to fulfill all its client’s requirements and objectives and, at the same time, accomplish a high level of professional achievement.

During the past years **D.A.D** succeeded in providing new services to its clients through the project management and engineering subdivisions, bringing together all the skills necessary to ensure satisfactory completion, according to program, budget and quality.

Furthermore, **D.A.D** cooperates with some of the best organizations providing engineering services worldwide, and by doing so insures international quality and standards throughout their work. **D.A.D** also works in partnership with highly-ranked clients who value the highest levels of quality, safety and technical proficiency.

“Design & Development” leadership includes Dr. Walid Abdel Moneim, who is a co-founder of **D.A.D** and the current chairman, and executive committee comprised of practitioners across the firm.

OUR SLOGAN

“We listen; learn and do our work with passion”

Our focus on listening and learning ensures that each design expresses the uniqueness and aspirations of our client. Doing so with passion, we guarantee a long lasting cooperation with our clients in a spirit of partnership.

OUR GOAL

“Creating a design that exceeds our client’s expectations”

With a profound understanding of our clients’ needs and challenges, we combine the knowledge, expertise and talents of our teams to exceed our clients’ expectations and set new standards.
